All Staff Delivery Suite - especially Midwife
Nancy & SHELIA, Howard - Anaesthetist, Dr. Sujata Datta

I wanted to thank you for taking care of us
& Baby Burnett is doing very well.
We decided to name her Charlotte Lucy
Morgan. Charlotte was born in the
early hours of Father's Day (19th June) -
now 24 days old she is putting on
weight nicely 8.3 lb → 9.4 lb.

Despite needing an e-c-section we found
the whole experience was amazing
and Charlotte arriving 15 days late was
certainly worth the wait.

All of the staff we met did an excellent
job and we are grateful that we were looked
after so well. Nancy - since you didn't get
to meet Charlotte. I have included a photo.
Regards - Sam Burnett.
