

Dear Dr Datta,
I'm just writing
to say a huge thank you
for the great care and
support you gave me
during my pregnancy and
labour.

I can honestly say if it
had not been for yourself
and Miss Burnham I could
not have done it.

The care and help you gave
me during and after my
labour was second to none
and over the 9 months
I got to know you both
more like friends
